Year 2
Spring 1 Homework

Please find below some activities linked to different areas of the curriculum that we have covered or will be covering over the next half term.

History Have a go at designing and drawing your own castle. Think about all the features you have learnt about in class. For example, how could you protect your castle from attack. 	**Geography** Using a map of the world in a book or on the IPAD see if you can test yourself and your parents on the names of the seven continents and 5 oceans. 	**Science** Go on a search around your house to find and photograph all the different types of materials we have learnt about in science. You could conduct your own experiment and test if any of them are waterproof. 
Maths Can you write out all your 2-, 5- and 10-times tables then test yourself on them. See if you can beat your parents who is the quickest. 	**Literacy** Try writing letter to your favourite book character. Think about all the questions you might want to ask them. 	**Computing** Have a look around your home and see if you can find any gadgets that need programming. Take a phot of any buttons that you use to program them what do you notice is the same or different. 
Literacy Find your favourite adventure story at home and reread it together. Talk about what makes it such a good adventure story. 	**PHSE** Think about what goals you would like to achieve this year and make a list to keep at home. See if you can tick any off over the year. 	**Maths** Have a go at playing shops at home. Use the coins and see if you can give the change for the items.
