Year 3/4 Summer
Rainforests

Research Skills (Science) Can you find three interesting facts about the strawberry poison dart frog? 	**English Skills** What is deforestation? Find out and write about how it affects people, animals and plants. 	**Creative Skills** Create 'animal tracks' by drawing, printing or making imprints in mud. 	**Mathematical Skills** Create a bar graph comparing the average rainfall in your area to that of the rainforests. 
Creative Skills Look round your house. How many items can you list that are made from wood? 	**Geographical Skills** Find out about the number and names of the countries that the Amazon rainforest runs across. 	**Research** Rainforests are home to some of the most unusual plants in the world. Can you find out what some of these plants are? 	**English Skills** Research and write about some of the tribes that live in rainforests. 
Mathematical Skills X marks the spot! Create a treasure map within the rainforest. You could also plot the coordinates for an area in the rainforest where you may find animals. 	**Research** Can you locate the rainforests on a globe, a map or online? 	**English Skills** Imagine you're in a rainforest! Thinking about the 5 senses, write a paragraph to describe your experiences 	**Creative Skills** Create a picture or collage of exotic birds or animals that live in rainforests. 
Research Find out what products palm oil is in and the effect this is having on the rainforests. 	**Geography Skills** Visit a temperate forest in this country. How is it different from a rainforest? 	**Research** Learn about the different layers of the rainforest. Make a poster to show what each section is. 	**Creative Skills** Find out what foods are grown in the rainforest. Try some of them and write a review.
