

Reception Remote Learning Opportunities

Wednesday 1st February

Phonics

Today's focus is Double Letters! Look in your child's learning pack for the overview of the lesson. Encourage your child to read the New Words. To extend this encourage them to sound button the words, this show the understanding of the different graphemes.

Reading for pleasure

Encourage your child to choose two different books they have at home and retell the story to you. There are also more books available on Collin EBook Library.

Literacy/ Writing

Choose a landmark you have visited or one from your learning pack and try to write a simple sentence describing it. You can use your IT skills and research different facts about them. Remember to use your phonics to help you spell different words. A grapheme mat is also attached in the learning pack.

Maths

This week in Maths we are learning all about Pairs! Encourage your child to match different pairs of items at home, this may be socks or different shoes. When the children are explaining their reasoning, encourage them to talk in full sentences using different conjunctions; such as because. In your learning pack, there is a game you could play with your child called Match the space alien.

Outdoor learning (links with Understanding the World and Expressive Arts and Design)

This half term, we have been learning all about Winter and looking at changes it has on the environment. Go for a Winter Walk in your local area and talk about what you notice in the environment. You may want to collect different items and make your own Winter Picture - we would love to see this!

There is a link below which talks about different things you may see on your walk. It also guides you on how to create a Winter Scene picture.

[To name things that you can see outside in winter \(thenationalacademy\)](#)

Physical Education

Here are some YouTube links to movement breaks and physical activities your child may enjoy.
