All about Me

Amazing Fact

There are more cells in your body than there are stars in the galaxy. There are about 75 trillion cells in your body and 'only' about 400 billion stars in our galaxy.

Challenge

What makes you, you?

Use the headings below to record facts about yourself.

Eye colour: _____

Hair colour: _____ Likes: _____

Height: _____ Dislikes: _____

What I am good at: _____

What I really enjoy doing: _____

_____
