Dear Chestnut Class

Well, here we are ready to start 2 weeks of home learning. We have it all prepared and are good to go!

The timetable that is on the school website is what we will follow this week. The maths you can work through yourselves at 9-10 in the morning. You can watch the videos and then have a go at the lesson using your squared paper in your packs. You should be able to engage well with these lessons as we have a covered this work in class and it is good revision for you.

Then for Literacy we will be doing an online class lesson every day between 10-11 and we will be finishing off our instructional texts. We can either type up a word document which you can email to us or just write it up on the paper in your packs. This we will have finished then by Friday our final piece which we will be looking forward to reading. We will also try and do the usual spellings on Friday with you all.

In the afternoon there will be an online lesson you can engage with which will be the reading of the next chapters of Cogheart and a few questions to go through in your own time. We will confirm the time of this each day.

If you would like to have a go at the literacy mini project on the Planets and produce a powerpoint or a word document that would be great. No pressure to do that though.

Don't forget the communication and live lessons will all be through your school email address.

Keep safe and see you all soon virtually!

Mrs Bick and Mrs Davies
