

English

Children will use visual literacy to create a character description. They will use their knowledge of the Roman army and battles to create an instructional text on how to create army formations and succeed in battle.

Maths

Children will look at place value in numbers, recognising the value of digits. They will establish how to use formal written methods for addition, subtraction, multiplication and division. Children will make comparisons between numbers and order them. They will use their calculation knowledge to carry out inverse methods.

Reading

Children will continue to develop their comprehension skills through reading a range of text types and exploring inference, retrieval and vocabulary. Children will continue to develop their own preferences through choosing 'Home Readers' and library books. Please record reading in diaries. We will read 'Call Me Lion' by Camilla Chester.

Science

Animals including Humans

Children will identify features of animals including whether they have a backbone. They will investigate the diet of different animals in order to group them. They will then explore the digestive system and understand the function of different teeth and internal organs in this system.

Computing

Connecting computers

Children will explore how digital devices work. They will be able to classify input and output devices. Children will explain how computer networks can be used to share information, knowing what the physical components of a network are.

History/Geography

Romans/Anglo Saxons

Children will learn about the Roman Empire and its impact on Great Britain. They will find out about significant individuals from the Roman Empire and their influence on the wider world. They will know about what the Roman period brought to Great Britain and how it came to an end.

Year 3 and 4 Autumn Term

Music

Music this term is 'This Little Light of Mine'. Children will explore melodies and learn to sing songs.

French

Children will learn greetings and understand which countries in the world speak French.

PE

Tennis

Children will learn ball control and basic rules of tennis. They will practise delivering and returning balls.

Football

Children will understand the importance of teamwork and roles within a team. They will gain attacking and defensive skills alongside ball control.

RE

Who is God and how is the divine understood?

Children will learn about what Christians believe about the holy trinity, and how Jesus relates to this. They will learn about the Pentecost.

PSHE

Being Me in My World

Children will discuss the importance of rules and how these link to rights and responsibilities. They will work co-operatively and see things from different viewpoints.

Design and Technology

Children will explore how chariots were designed in order to design their own. They will draw exploded diagrams, cross sections, then make prototypes and complete a final design.
