My Family
Year 2
Autumn 2024

In maths
We will learn to read write and order numbers to 100 and position them on a number square.
We will count on and back in 1's to 20 and in 10s to 100.
We will learn all the number bonds to 10 and 100.
We will learn what each digit in a 2 digit number represents.
We will present solutions to puzzles and problems in an organised way, explaining decisions, methods and results.
We will use appropriate mathematical language.
We will also compare lengths and measure using non standard

English
We will continue to practise our phonic skills and use our skills to help us with reading and spelling. We will practise writing and joining letters accurately.
We will read some stories set in familiar places and tell and write our own stories based on these. We will write character profiles concentrating on characters in our stories.
Our Main stories will be "The Little Red Hen" and Mama Ponya's Pancakes.

In RE we will learn about some world religions and see how the stories told might change how we think about the world.
We will think about how sharing is important in world religions and link this to the idea of Harvest.

In Geography we will be looking at maps of the world, learning to name the continents, major countries and oceans. We will learn our home address and where this fits into the world.
We will use compass points and keys on maps and use ariel photos to see the area in which we live.

In computing we will practise logging on to a computer and learn to type our names with a capital letter.
We will use out research skills to find out about famous people.
In online safety we will think about the technology around us and how we can be safe when using this.

In music we will learn to play a variety of percussion instruments. We will use our voice and body sounds such as clapping and clicking to make interesting sounds on our own and with others.

In history we will focus on changes within our own memory. We will put these changes on a timeline.
We will explore family trees and see how different families are made up.

In PE we will learn to be confident and safe in the spaces used to play games. We will concentrate on control and coordination and try to improve this. We will practise using a range of equipment such as bats and balls. We will work together to make up our own games.

In art we will focus on self-portraits and think about the work of famous artists such as Picasso.

In Science we will learn that humans like other living things need for and water to stay alive and will think about what we should do to stay healthy.
We will sequence pictures of humans as they grow up and change and name the main parts of our bodies. We will look at similarities and differences between ourselves and others.

In PSHE we will learn about keeping our bodies healthy by eating well, being active, keeping clean and getting plenty of rest. We will explore how drugs can both help us and be dangerous.
