

Geography

- To know the United Kingdom is an island
- Becoming familiar with oceans surrounding the United Kingdom
- Year 1's will identify and label the Atlantic and Pacific Ocean
- Use observational skills to create and follow maps.

Art + D.T

- Use and join materials to create pirate ships
- Make plans and purposeful material choices, explaining these choices.
- Evaluating their own work and that of others

Science

- To observe seasonal changes.
- Reception will ask questions about the natural world and begin to share ideas and suggestions.
- To work scientifically by making guesses and informed predictions.
- Year 1 will record findings from investigations

Music, R.E, P.E, Computing

- Music - Year 1 will start specialist music sessions exploring pitch and tempo. Reception will explore new chants, songs and rhymes.
- R.E. - How can religious worldviews teach us to look after each other.
- P.E - Team games and Sports Day,
- Computing - Year 1 will group data using labels

English

- Writing a non-chronological report about oceans and looking after them.
- Developing our Drawing Club journey by practising our storytelling skills.
- Year 1's will add suffixes to words and spell common exception words.
- Reception will write short sentences using some spaces between their words.

Maths

- Reception children will develop repeating patterns using colour, object and sizes. They will also secure numbers to 20.
- Year 1 will develop understanding of basic fractions including whole, half and quarter. They will also begin exploring time to o'clock and half past. Both year groups will learn mass and capacity.

Where did pirates sail?
